Our auto accessories have been e-mark certified and awarded with ISO 9001 certification. Our products have been exported to 30 countries and got a high reputation doe to our strict quality control and excellent service. We offer: *Prompt reply to our customer inquiry, usually in 24 hours.

*On time delivery, usually in 20 days.

*Quick solution to any problems our customers feed back to us.

*One year's warranty and extra free units or spare parts provided.

<p>TMPS (Tire Pressure Monitoring system)</p>	<p>This valuable addition to your vehicle will help you drive safer, and will immediately alert you of abnormal tire pressure and/or temperature, providing a timely warning to you in order for you to take corrective action. In addition, digital display makes tire pressure maintenance easy. You will no longer need to manually check the tires with a pressure gauge. Consequently, your tires can easily be kept in optimal operating condition. The resulting benefits are obvious: reduced uneven tire wear, reduced severe tire damages, reduced air loss related tire failures, increased tire life, improved fuel efficiency, improved vehicle braking and handling. Best of all, TPMS will help you drive with enhanced vehicle safety and with less worry of flat tires and blowout.</p>
